Philip Hemmo **Guitar 1 DE** **2018-2019**

NOTRE DAME PREPARATORY YEAR-LONG PLAN

Unit 1	Unit 2	Unit 3	Unit 4
Guitar Fundamentals	**Performance Accompaniment (jazz/classical)**	**Performance Accompaniment (pop/rock)**	**Improvisation**
28 days	**15**	**15**	**15**

STANDARDS

Foundational Skills - Performing

HS Advanced
maintain a steady beat, recognizing the macro and micro beat, while playing individually and with others note and rest values in complex and changing meters at faster tempos as encountered in the repertoire.

Utilize musical symbols encountered in the repertoire.

Perform fluently with key signature and accidental encountered in the repertoire.

Guitar (e.g., all chords, multiple voicing)

Perform independent parts while others play contrasting parts (e.g. level 5-6).

Perform scales, intervals, and arpeggios using appropriate technique as specified in the repertoire.

Perform individually repertoire that includes two active voices (counterpoint).

Utilize proper hand position and posture.

Function of key and time signatures.

One's own physical mechanics and skill level essential to playing the repertoire.

Philip Hemmo **Guitar 1 DE** **2018-2019**

ESSENTIAL QUESTIONS:			
Module 1 How do proper techniques improve sound quality, increase speed, and reduce injuries?What is the role of rhythm in music? How does reading music affect one's ability to communicate with other musicians?	Module 2 How does active listening improve appreciation and performance? What is the relationship between arpeggios and chords? What is the role of the right hand in Jazz or Classical guitar	Module 3 How do chord selections affect the mood of a piece? What are the elements of a successful performance? What is the relationship between singing and playing? How does active listening improve appreciation and performance?	Module 4 What is the role of rhythm in improvisation? How has the blues influenced popular music? What are the strengths and weaknesses of each notational system? What is the relationship between improvisation and composing?

SUMMARY OF YEAR FOR 2018:
What are the skills and practices necessary to play the guitar by myself and with others?

UNIT 1 PLAN	
GRADE & SUBJECT:	9-12 – Guitar 1 DE (Fine Arts)
UNIT TITLE / THEME:	Guitar Fundamentals
LENGTH OF UNIT / TIMEFRAME:	28 Days
DESCRIPTION: *(One sentence to describe what students will learn.)*	*Students will understand and demonstrate basic competency in note reading, rhythm, open position chords, ensemble playing, sitiing position, and overall music literacy.*
OVERVIEW: *(One paragraph that describes WHAT students will learn, and HOW they will learn it.)*	*In this 7-8 week unit, students will do exercises in music leteracy (note and rhythm reading), technical Exercises (to develop proper technique), and performance based exercises (learning and performing simple pieces of music or chord progressions) in order to learn how to combine these skills to master more complext musical examples and problems.*
THE BIG PICTURE	
ESSENTIAL QUESTIONS:	How do proper techniques improve sound quality, increase speed, and reduce injuries?What is the role of rhythm in music? How does reading music affect one's ability to communicate with other musicians?

KEY OBJECTIVES LINKED TO THE STANDARDS:	Through practice students will demonstrate compentency of the following skills: Understanding and ability to perform with a steady beat; ability to perform a variety of rhythmic patterns; to perform scales; and to perform various note and rest values in tune with others. Students will identify and demonstrate the proper care for their instrument as well as proper right hand, left hand, and sitting position. Students will also demonstrate Mastery of their ability to perform A variety of styles of music from Simple folk melodies to more complext chord progressions.

ASSESSMENTS:

SUMMATIVE:

5-6 Summative Assessments including: Note reading Assessment, 4-5 Assessments assessing mastery of note reading and chord progressions.

FORMATIVE:

Teacher Observation with immediate feedback on a daily basis.

Ungraded daily/weekly in class assessments on student's demonstration of content growth.

Listenning analysis assignments (2)

Technology driven drill and practice assessments (note reading, technique)

Performance based skill development assessments (skill building musical examples) (2-3)

INSTRUCTIONAL ACTIVITIES:

Week 1 (Days 1-4): Week 1 is devoted to basic technique and note reading. Students learn and receive formative assessments (both graded and not) on note reading, sitting position RH position, rest strokes, holding a pick, notes on String 1, and basic rhythms.. Summative Assessment on Note reading.

Week 2 (Days 5-8): Week 2 is devoted to supporting new concepts introduced in week 1. New concepts include notes on the 2nd String, musical examples that support those notes, and the eminor and g chords.

Week 3 (Days 9-12): Week 3 is devoted to supporting all previous concepts. In addition, notes are introduced on the 3rd string. Summative Assessment on notes on strings 1 and 2.

Week 4 (Days 13-16): Week 4 is devoted to supporting all previous concepts. In addition, the C and G7 chords are introduced and Assessed. Critical listenning assignment is introduced.

Week 5 (Days 17-20): Notes on strings 1-3 are Summatively Assesed. Notes on the 4th string are introduced. New dotted rhythms are introduced. D, Dsus, and the A chord are introduced.

Week 6 (Days 21-24): Notes on strings 1-4 are summatively assesed. Notes on the 5th string are introduced. Eighth notes are Introduced. Ensemble playing is assigned.

Week 7 (days 25-28): Ensemble Summative Assessment. Notes on 6th string are introduced. Content leading to bridge to unit 2 are discussed. Critical Listenning Formative Assessment.

Week 8 (wrap up):

INSTRUCTIONAL RESOURCES NEEDED: *Include any materials you will use in class.*	Hemmo, Philip. Beginning Classroom Guitar(2nd Ed). (New York: Schirmer Books/Thompson Learning, 2004 152 pages). ISBN: 0-02-865024-7 *Guitar* *Footstool* *Musictheory.net* *Support Videos – www.youtube.com/guitarprof*	**CROSS-CURRICULAR LINKS:** *How can this unit be integrated with other subjects?*	Mathmatics Science Literature English Spanish

UNIT 2 PLAN	
GRADE & SUBJECT:	9-12 – Guitar 1 DE (Fine Arts)
UNIT TITLE / THEME:	**Performance Accompaniment (jazz/classical)**
LENGTH OF UNIT / TIMEFRAME:	**15 Days**

Philip Hemmo **Guitar 1 DE** **2018-2019**

DESCRIPTION: *(One sentence to describe what students will learn.)*	*Students will show mastery and understanding of basic performance elements of classical and jazz guitar music.*
OVERVIEW: *(One paragraph that describes WHAT students will learn, and HOW they will learn it.)*	*In this 3-4 week unit, students will build on previous skills and techniques which will be applied to Musical examples of classical guitar music and jazz chord progressions. Musical goals will be achieved through graded examples leading to skill mastery.*
THE BIG PICTURE	
ESSENTIAL QUESTIONS:	How does active listening improve appreciation and performance? What is the relationship between arpeggios and chords? What is the role of the right hand in Jazz or Classical guitar
KEY OBJECTIVES LINKED TO THE STANDARDS:	Through practice students will demonstrate compentency of the following skills: Understanding and ability to perform with a steady beat; ability to perform a variety of rhythmic patterns; to perform scales; and to perform various note and rest values in tune with others. Students will identify and demonstrate the proper care for their instrument as well as proper right hand, left hand, and sitting position. Students will also demonstrate Mastery of their ability to perform A variety of styles of music from Simple folk melodies to more complext chord progressions.

ASSESSMENTS:

SUMMATIVE: *2 Summative assessments during this unit. The assessments will allow students to demonstrate profeciency in completion and performance of a solo classical guitar piece, solo jazz chord progression, and/or classical ensemble piece.*

FORMATIVE:

Teacher Observation with immediate feedback on a daily basis.
Ungraded daily/weekly in class assessments on student's demonstration of content growth.
Listenning analysis assignments (2)
Technology driven drill and practice assessments (note reading, technique)
Performance based skill development assessments (skill building musical examples) (2-3)

INSTRUCTIONAL ACTIVITIES:

Week 9 (Days 1-4): Week 1 is transitions from basic concepts mastered in Unit 1, to more complex concepts represented in classical music examples. With supporting videos and technology, students begin to work on a solo work for classical guitar. Critical listenning assignment.

Week 10 (Days 5-8): Week 2 expands week 1's concepts in preperation for summative assessment in week 3. Formative assessments are offered in class daily to promote mastery.

Week 11 (Days 9-12): Summative Assessment of piece #1. Students begin work on piece #2 (jazz or ensemble). Critical listenning assignment.

Week 12 (Days 13-16): Week 4 is devoted to supporting all previous concepts. Summative of Piece #2.

INSTRUCTIONAL RESOURCES NEEDED: *Include any materials you will use in class.*	Hemmo, Philip. Beginning Classroom Guitar(2nd Ed). (New York: Schirmer Books/Thompson Learning, 2004 152 pages). THE BIG PICTURE	
ESSENTIAL QUESTIONS:	How do chord selections affect the mood of a piece? What are the elements of a successful performance? What is the relationship between singing and playing? How does active listening improve appreciation and performance?
KEY OBJECTIVES LINKED TO THE STANDARDS:	Through practice students will demonstrate compentency of the following skills: Understanding and ability to perform with a steady beat; ability to perform a variety of rhythmic patterns; to perform scales; and to perform various note and rest values in tune with others. Students will identify and demonstrate the proper care for their instrument as well as proper right hand, left hand, and sitting position. Students will also demonstrate Mastery of their ability to perform A variety of styles of music from Simple folk melodies to more complext chord progressions.

ASSESSMENTS:

SUMMATIVE: *3 Summative assessments during this unit. The assessments will allow students to demonstrate profeciency in completion and performance of a complete rock/pop guitar piece and several smaller examples from the rock/pop repertoire (chord progressions, tab based licks, etc…).*

FORMATIVE:

Teacher Observation with immediate feedback on a daily basis.
Ungraded daily/weekly in class assessments on student's demonstration of content growth.
Listenning analysis assignments (2)
Performance based skill development assessments (skill building musical examples) (2-3)

INSTRUCTIONAL ACTIVITIES:		
Week 13 (Days 1-4): Week 1 reviews and expands the students knowledge of open position chords to include (A, a min, B7, C, C7, D, D min, D7, E, E min, E7 F, G, and G7. With classroom support and tab scores, students begin to work on a complete rock/pop tune (Running Down a Dream – Tom Petty, Island in the Sun – Weezer, or similar). Critical listenning assignment. *Week 14 (Days 5-8): Week 2 expands week 1's concepts in preperation for summative assessment in week 3. Formative assessments are offered in class daily to promote mastery. Tab lick assignments.* *Week 15 (Days 9-12): Summative Assessment of piece #1. Students begin work on rotating tab assignments (Crazy Train, Back in Black, Jukebox Hero, Stairway to Heaven (openning), or similar pieces). Critical listenning assignment.* *Week 16 (Days 13-15): Week 4 is devoted to supporting all previous concepts. Summative of tab licks.*

UNIT 4 PLAN		
GRADE & SUBJECT:	9-12 – Guitar 1 DE (Fine Arts)	
UNIT TITLE / THEME:	**Improvisation**	
LENGTH OF UNIT / TIMEFRAME:	15 Days	

DESCRIPTION: *(One sentence to describe what students will learn.)*	*Students will show mastery and understanding of basic performance elements of basic improvisation.*
OVERVIEW: *(One paragraph that describes WHAT students will learn, and HOW they will learn it.)*	*In this 3-4 week unit, students will build on previous skills and techniques which will be applied to Musical examples through improvisation. Focus will be on the basic blues pattern in the Key of A and the accompanying pentatonic scale pattern. Musical goals will be achieved through graded examples leading to skill mastery.*
THE BIG PICTURE	
ESSENTIAL QUESTIONS:	What is the role of rhythm in improvisation? How has the blues influenced popular music? What are the strengths and weaknesses of each notational system? What is the relationship between improvisation and composing?
KEY OBJECTIVES LINKED TO THE STANDARDS:	Through practice students will demonstrate compentency of the following skills: Understanding and ability to perform with a steady beat; ability to perform a variety of rhythmic patterns; to perform scales; and to perform various note and rest values in tune with others. Students will identify and demonstrate the proper care for their instrument as well as proper right hand, left hand, and sitting position. Students will also demonstrate Mastery of their ability to perform A variety of styles of music from Simple folk melodies to more complext chord progressions.

ASSESSMENTS:

SUMMATIVE:
2 Summative Assessments including: Pentatnonic Scale Root Box mastery and improvisation duo performance.

FORMATIVE:
Teacher Observation with immediate feedback on a daily basis.
Ungraded daily/weekly in class assessments on student's demonstration of content growth.
Listenning analysis assignments (1)
Performance based skill development assessments (skill building musical examples) (2-3)

INSTRUCTIONAL ACTIVITIES:

Week 16 (Day 1-2): Week 1 is devoted introduction of the pentatonic scale and the basic blues patter in the Key of A. In class lsitenning assignment.

Week 17 (Days3-6): Week 2 is devoted to supporting new concepts introduced in week 1. Summative Assesment on Pentatnic Box 1.

Week 18 (Days 7-10): Week 3 is devoted to mastery of the basic blues pattern. Students are then grouped into performance pairs and work on improvisation with guidence.

Week 19 (Days 11-12): Week 4 is completing previous assignment and demonstrating mastery. Summative.
